COMPANY'S OVERVIEW

Almondz Global Infra-Consultant Limited ("AGICL") is an ISO 9001:2015 certified public limited company and one of India's fastest-growing multidisciplinary infrastructure consultancy organizations. The Company delivers comprehensive engineering, project management, and advisory services across the entire infrastructure lifecycle, combining technical expertise with innovative solutions to support the nation's evolving infrastructure landscape.

As a subsidiary of Almondz Global Securities Limited (AGSL), a publicly listed company incorporated in 1994, AGICL benefits from the strength and legacy of the Almondz Group. AGSL has established itself as a diversified business enterprise with interests spanning Financial Services and Infrastructure Consultancy. The Group's major business verticals include Corporate Finance Advisory (Equity Capital Markets, Private Equity, Mergers & Acquisitions Advisory, and Debt Placement), Institutional Equities, Wealth Management, Infrastructure Consultancy, Insurance Broking, Healthcare Services, Distillery & Liquor, and Real Estate, providing a strong foundation of financial stability, governance, and industry expertise.

AGICL has steadily built a reputation for delivering high-quality consulting solutions across diverse infrastructure sectors. Its multidisciplinary expertise encompasses highways, roads, bridges, tunnels, railways, metro systems, airports, ports and inland waterways, smart cities, urban infrastructure, water and wastewater management, tourism infrastructure, environmental engineering, geological investigations, and transaction advisory. The Company provides integrated consultancy services covering every stage of the project lifecycle—from project conceptualization, feasibility studies, detailed project reports (DPRs), planning and design engineering to transaction advisory, project management consultancy (PMC), authority and independent engineering, construction

supervision, road safety audits, and operation & maintenance advisory.

Supported by a highly experienced team of engineers, planners, architects, economists, financial specialists, environmental experts, and domain professionals, AGICL delivers integrated engineering solutions under a single platform. Its client-centric approach, technical excellence, and commitment to timely project delivery have enabled the Company to establish itself as a trusted partner for Central and State Government departments, public sector undertakings, multilateral agencies, and private sector clients across India.

During FY 2025-26, AGICL further strengthened its market position by expanding into next-generation technologies, including Digital Twin development, GIS-based planning, LiDAR mapping, advanced geospatial analytics, and digital infrastructure intelligence. These strategic investments have enhanced the Company's capability to deliver data-driven engineering solutions that support smarter infrastructure planning, efficient asset management, and sustainable urban development.

In line with its commitment to continuous capability enhancement, AGICL entered into a strategic collaboration with Excelling Geo & Engineering Consultant Pvt. Ltd. (EGE), significantly expanding its expertise in geotechnical engineering, tunnel engineering, hydropower projects, coastal engineering, groundwater studies, disaster resilience, and environmental consulting. This collaboration has further strengthened the Company's ability to undertake technically complex and multidisciplinary infrastructure assignments.

A milestone in AGICL's growth journey with the award of its first international consultancy assignment in Zambia. This achievement reflects the Company's growing global aspirations and reinforces its capability to deliver world-class engineering consultancy services beyond domestic markets.

Over the years, AGICL has successfully completed more than **60 infrastructure projects** across sectors including roads and highways, transportation, urban infrastructure, and water & wastewater management. The Company is currently executing **over 200 projects** across multiple infrastructure domains, ranging from feasibility studies, DPR preparation, project supervision, proof checking, and safety audits to smart city planning, transaction advisory, and integrated urban development initiatives.

With a **Pan-India presence** and empanelment with **more than 75 Government departments and agencies**, AGICL has established itself as a preferred infrastructure consulting partner for several prestigious public institutions. The Company's robust order book of more than **₹500 crore**, combined with the Almondz

Group's **net worth exceeding ₹500 crore**, a workforce of over **500 professionals** across the Group, and a **CARE Rating of BBB (Stable)**, reflects its strong financial foundation and sustained growth trajectory.

Today, with a workforce of over **500 professionals**, diversified technical capabilities, and an expanding domestic and international portfolio, AGICL remains committed to delivering sustainable, technology-driven, and future-ready infrastructure solutions. Guided by the principles of quality, innovation, integrity, and excellence, the Company continues to create long-term value for its clients, stakeholders, and the communities it serves while contributing meaningfully to India's infrastructure transformation.

OUR EXPERTISE. YOUR ADVANTAGE.

AGICL SECTOR SPECIALISATION

Engineering Excellence.
Creating Sustainable Infrastructure.

ROADS & HIGHWAYS

High performance roads and highways connecting communities and driving economic growth.

BRIDGES & TUNNELS

Engineering innovative bridges and tunnels that stand the test of time.

RAILWAYS & METRO RAIL

Modern rail and metro solutions for sustainable and efficient urban mobility.

AIRPORTS

World-class airport infrastructure designed for seamless travel experiences.

PORTS & INLAND WATERWAYS

Enabling trade and connectivity through advanced port and waterway infrastructure.

SMART CITIES & URBAN INFRASTRUCTURE

Building sustainable, inclusive and technology-driven urban communities of tomorrow.

WATER & WASTEWATER

Sustainable water supply and wastewater management solutions for a better and greener tomorrow.

TOURISM INFRASTRUCTURE

Creating world-class tourism infrastructure that inspires destinations and drives socio-economic growth.

END-TO-END SOLUTIONS

From Concept to Commissioning,
we deliver value at every stage
of the project lifecycle.

GLOBAL ECONOMIC OUTLOOK

The global economy remained resilient during FY 2025-26, although growth moderated amid persistent geopolitical tensions, trade policy uncertainties, and uneven economic recovery across major regions. While easing inflation and improving financial conditions supported economic activity in several countries, elevated geopolitical risks, supply chain disruptions, and volatility in energy markets continued to weigh on global growth prospects. According to the OECD, global GDP growth is projected to moderate from **3.4% in 2025 to 2.8% in 2026**, before recovering modestly to **3.1% in 2027**, reflecting the impact of higher energy prices and increased global uncertainty.

Among major economies, the **United States** is expected to witness slower growth as tighter financial conditions and weaker consumer spending moderate economic activity. **China's** growth is projected to ease further amid continued weakness in the property

sector, subdued domestic demand, and external trade challenges. The **Euro Area** is expected to experience modest growth, supported by easing inflation and improving domestic demand, although higher energy costs and external uncertainties remain significant headwinds.

Inflationary pressures resurfaced during the year following disruptions in global energy markets, particularly due to escalating geopolitical conflicts in the Middle East. Rising crude oil, natural gas, and commodity prices have increased production and transportation costs across economies. While central banks are expected to continue balancing inflation control with growth

support, the OECD projects G20 consumer inflation to remain elevated in the near term before gradually moderating as supply conditions improve and energy price pressures ease.

Overall, although the global economy continues to face significant risks arising from geopolitical conflicts, trade fragmentation, energy market volatility, and financial market uncertainties, resilient labour markets, ongoing technological investment, and supportive macroeconomic policies are expected to provide a degree of stability. Nevertheless, sustained policy coordination and structural reforms will remain essential to support long-term global economic growth.

MACROECONOMIC SCENARIO IN INDIA

Growth Outlook:

India continued to remain one of the world's fastest-growing major economies during FY 2025-26. Real GDP growth is estimated at

around 6.3%, supported by resilient domestic demand, healthy urban and rural consumption, strong government capital expenditure, and sustained private investment. Improved agricultural output, a revival in manufacturing, and continued

momentum in the services sector have contributed to economic resilience despite a challenging global environment. Growth is expected to remain robust in FY 2026–27, supported by favourable macroeconomic fundamentals and ongoing structural reforms.

Inflation and Monetary Policy:

Retail inflation remained largely within the Reserve Bank of India's target band during FY 2025–26, aided by moderating food inflation, stable domestic supply conditions, and prudent monetary management. The RBI adopted an accommodative policy stance by lowering the policy repo rate during the year, supporting credit growth

Fiscal Policy and Structural Reforms:

The Government maintained its commitment to fiscal consolidation while prioritising capital expenditure on infrastructure, transportation, digital connectivity, and energy transition. Continued investments in roads, railways, logistics, and manufacturing under initiatives such as *Make in India* and the *Production Linked Incentive (PLI)* schemes supported industrial growth and controlled inflation, sound financial sector fundamentals, and continued policy support are expected to underpin economic resilience. While external risks such as monitoring, India's robust macroeconomic fundamentals provide a strong foundation for sustained and inclusive economic growth.

and investment while maintaining its commitment to price stability. Going forward, the monetary policy outlook will continue to balance growth considerations with evolving global commodity prices, weather-related risks, and exchange rate movements.

External Risks:

The global economic environment remained uncertain due to geopolitical conflicts, supply chain disruptions, and trade policy uncertainties. Volatility in crude oil prices continued to pose risks for India's current account balance and inflation, given the country's dependence on energy imports. Slower global growth and protectionist measures in some advanced economies also affected export-oriented industries. However, India's diversified export base, strong foreign exchange reserves, and resilient domestic demand helped mitigate the impact of these external headwinds.

employment generation. Reforms aimed at improving the ease of doing business, strengthening the financial sector, and encouraging private investment continued to reinforce India's long-term growth potential.

Overall Outlook:

India's economy remains well positioned to sustain stable growth despite an uncertain global backdrop. Strong domestic consumption, healthy investment activity, geopolitical developments, commodity price volatility, and global trade uncertainties warrant close

CHAIRMAN'S MESSAGE

India is witnessing one of the most transformative phases in its infrastructure journey. From multimodal transportation networks and smart urban ecosystems to sustainable water management and next-generation mobility solutions, infrastructure has become the cornerstone of economic growth and national development.

At Almondz Global Infra-Consultant Limited (AGICL), we are proud to contribute to this transformation by delivering engineering excellence, strategic advisory, and innovative consulting solutions that create lasting value.

Over the past year, AGICL has delivered another strong performance across all key business parameters. Our growing order book, improved financial performance, and expanding project portfolio reflect the confidence that governments, development agencies, financial institutions, and private sector clients continue to place in our capabilities. More importantly, these achievements reaffirm

our commitment to creating sustainable value through technical excellence, timely execution, and uncompromising quality.

Today, AGICL has evolved into one of India's leading multidisciplinary infrastructure consultancy organizations, offering end-to-end solutions across the entire project lifecycle—from concept development and feasibility studies to Detailed Project Reports (DPRs), transaction advisory, engineering design, project management consultancy, independent engineering, supervision, road safety audits, specialized monitoring, and operation & maintenance support. Our expertise spans Roads, Highways, Bridges, Tunnels, Railways, Metro Rail, Smart Cities, Urban Infrastructure, Water & Wastewater, Tourism, Airports, Ports, and Inland Waterways, enabling us to support some of the country's most ambitious infrastructure programs.

What differentiates AGICL is our ability to combine deep engineering expertise with financial, technical, environmental, and regulatory advisory under one integrated platform. This multidisciplinary approach allows us to provide comprehensive solutions that help clients navigate increasingly complex infrastructure challenges while optimizing project outcomes throughout the asset lifecycle.

Innovation remains central to our growth strategy. We continue to invest in advanced engineering technologies and specialized survey equipment, including Mobile Bridge Inspection Units, Network Survey Vehicles, Falling Weight Deflectometers (FWD), Automated Traffic Counter & Classifier (ATCC) systems, Retro Reflectometers, GIS-enabled survey platforms, drone-based inspections, and digital data acquisition technologies. These in-house capabilities enhance precision, improve efficiency, reduce project timelines, and strengthen the quality of our engineering deliverables.

As the infrastructure sector rapidly embraces digital transformation, AGICL is equally focused on strengthening its internal capabilities. Our enterprise-wide ERP platform, robust project governance systems, data-driven decision-making processes, and continuous investments in digital engineering tools are enhancing operational efficiency and enabling seamless execution across our nationwide portfolio. At the same time, our collaborations with internationally recognized knowledge partners

allow us to integrate global best practices with local expertise, ensuring that every project benefits from world-class technical standards.

None of our achievements would be possible without our people. Our engineers, planners, economists, environmental specialists, finance professionals, and project managers represent the foundation of AGICL's success. Their commitment, professionalism, and pursuit of excellence have enabled us to consistently deliver high-quality solutions while building enduring relationships with our clients and partners. We remain committed to creating a culture that promotes innovation, continuous learning, collaboration, diversity, and professional growth.

At AGICL, our values of integrity, transparency, accountability, innovation, respect, and client-centricity guide every decision we make. These principles have earned us the trust of leading government authorities, multilateral institutions, financial organizations, and private sector clients across India. As infrastructure projects become larger, more technologically advanced, and increasingly focused on sustainability and resilience, we are committed to remaining a trusted partner capable of delivering integrated solutions with speed, precision, and responsibility.

Looking ahead, the opportunities before India's infrastructure sector have never been greater. National initiatives focused on connectivity, logistics modernization, urban transformation, clean mobility, and resilient infrastructure are creating unprecedented demand for high-quality engineering and advisory services. AGICL is well positioned to capitalize on these opportunities through its multidisciplinary expertise, strong technical capabilities, advanced technology platform, and experienced leadership team.

On behalf of the Board, I extend my sincere gratitude to our clients, business partners, employees, shareholders, lenders, and all stakeholders for their continued confidence and support. Together, we will continue to build infrastructure that not only connects communities but also drives economic progress, enhances quality of life, and contributes meaningfully to India's development journey.

We remain committed to engineering excellence, innovation, sustainability, and creating enduring value for generations to come.

Thank you
Ajaya Bihari Lal Srivastava
Chairman

AGICL

Board of Directors

VISION | EXPERIENCE | LEADERSHIP

A B L SRIVASTAVA

Chairman and Director

Mr. Srivastava is M.Com, FCA, MBF having almost 4 decades experience of about 15 years in Central Power Sector (REC and NHPC from October 1999 to 15 September 2014). He was former CMD in NHPC Ltd. He has expertise in Project Management, Project Execution, raising resources through innovative financial products, Corporate restructuring, fund management, raising funds from Bonds, External Commercial Borrowings (ECB), Infrastructure Bonds and dealing with State Electricity Boards.

He is also a certified Project Director level A from International Project Management Association (IPMA), Sweden, only non-engineer in the country to have IPMA. He is also qualified Chartered accountant and holds a PHD in arbitration and dispute resolution.

VIJAI PRAKASH AGRAWAL

Independent Director

Mr. Vijai Prakash Agrawal is a M.E (Power Electronics and Electrical Drivers) from IIT Roorkee, former CMD at Airport Authority of India and has a rich experience of over 35 years in developing airports infrastructure from planning to commercialization, setup over 60 national & international airports with over 200 million passenger capacity.

He has led and managed an organization with 18,500 direct employees (100K indirect) for 10 years with over 125 airports (450 including airstrips), overseeing a massive airspace 2.8 Sq. million NM and serving over 1.5 billion passengers. He has good managerial, Interpersonal Communications and teamwork skills.

SATISH CHANDRA SINHA

Independent Director

Mr. Satish Chandra Sinha aged around 66 years is a seasoned Banker having more than 32 years' experience as a banker in Union Bank of India. Starting his career as a probationary officer in 1975 he worked across various locations in India, including rural, urban, and metro regions and rose to the position of General Manager in 2006. He was also held the position of Executive Director on the Board of Oriental Bank of Commerce and as member of Board of Industrial and Financial Reconstruction (BIFR). He had also having association as honorary member of the Apex committee of the SIDBI Innovation and Incubation Centre (SIIC), formed by the collaboration between IIT Kanpur and the Government of Uttar Pradesh and Nominee Director (Non-Executive) on the Board of Canara, HSBC, Oriental Bank of Commerce, Life Insurance Company Limited between 2011 and 2012. Mr. Satish Chandra Sinha is B.Com from Patna University and also hold CAIIB diploma. He is also on Board of Almondz Global Securities Limited.

AGICL Board of Directors

VISION | EXPERIENCE | LEADERSHIP

SUDHAKAR SINGH

Whole Time Director

Mr. Sudhakar Singh is a B. Tech (Hons.) in Civil Engineering and having more than 35 years of experience in India and overseas in Civil Engineering/ Contract Management companies Roads/ Highways/ Smart Cities Projects of all magnitude. He has good managerial, Interpersonal Communications and teamwork skills. Presently, Mr. Sudhakar Singh is involved in Business Development/ Execution of Engineering services for Highways and Smart Cities. He has greatly contributed to building up the organization to its present level.

SANKHA DASGUPTA

Whole Time Director

Mr. Sankha has earned a B.COM from Delhi University and Post Graduate Diploma in Management from Xavier Institute of Management, Bhubaneswar (XIMB). He is also a Certified Fraud Examiner (CFE) from ACFE (USA). He has experience of more than 20 years in the field of Corporate Finance, fund raising, financial restructuring and asset monitoring activities.

He has advised various clients both Public and Private Sector for in raising funds through Project finance and Domestic Bond Market. He has also carried out various financial restructuring assignments for various Government and Private sector companies in India. Sankha has vast experience in the infrastructure sector especially like Power, renewable energy, roads and highways etc. He has been instrumental in closing large number of transactions in manufacturing, infrastructure and services sector. Further, he is also involved in asset & cash monitoring advisory to various Banks and Institutions for better credit management.

SANJEET KUMAR AHLAWAT

Whole Time Director

Mr. Sanjeet Kumar Ahlawat is Masters in Planning with specialization in Regional Planning from School of Planning and Architecture, New Delhi; Masters of Science in Geography from Kurukshetra University, Diploma in Geo-informatics. He is having more than 17 years of experience International Business Development in Urban & Regional Planning, Urban Infrastructure, Highways & Roads, Power, Agro and Allied Services, Environmental and Social sectors as well as project execution, coordination and management of projects in Infrastructure and Physical Planning, Tourism. He has travelled to Zambia, Nigeria, Senegal, Gambia, Gabon, Yemen, Nepal etc for execution of assignments and contract negotiation of the projects.

AMITABH SHARAN

Whole Time Director

Mr. Amitabh Sharan is a seasoned Geotechnical and Engineering Geology expert with over 29 years of experience in tunnels, hydropower, and infrastructure projects across India and neighbouring regions. He specializes in NATM tunnelling, geotechnical investigations, and landslide mitigation, and currently serves as the Founder & Managing Director of Excelling Geo & Engineering Consultant Pvt. Ltd and whole time Director AGICL.

SHABAD SINGH SOBTI

Whole Time Director

Mr. Shabad Singh Sobti, son of Mr. Navjeet Singh Sobti, belongs to the Promoter Group of the Company. He holds a Bachelor of Science (B.Sc.) degree from the University of Virginia, a reputed foreign university, reflecting a strong academic foundation and well-developed analytical skills. He has approximately six (6) years of professional experience, during which he has demonstrated sound managerial, strategic, and operational capabilities. His exposure to business operations and involvement in decision-making processes equip him well to discharge the responsibilities of a Whole-Time Director. His academic qualifications, coupled with hands-on professional experience, are expected to contribute meaningfully to the Company's growth, corporate governance, and long-term strategic objectives.

OUR VISION

To be a premier Global player in design & engineering consulting by delivering excellence to our customers, building satisfying careers for our employees and earning a fair return for our shareholders.

OUR MISSION

To provide technically excellent and innovative solutions in the areas of Management, Engineering, Industrial, Technical, Financial, Legal matters for Infrastructure sectors.

STRATEGIC REVIEW

Building the Future Through Engineering Excellence

India's infrastructure sector continues to witness unprecedented momentum, supported by sustained public investment, policy reforms and a long-term national vision for inclusive economic development. Government initiatives such as PM Gati Shakti, Bharatmala Pariyojana, Smart Cities Mission, AMRUT 2.0 and the National Infrastructure Pipeline are transforming the country's infrastructure landscape while creating significant opportunities for specialized engineering and infrastructure consulting firms.

Against this backdrop, AGICL continued to strengthen its strategic positioning by expanding

into high-growth infrastructure domains, embracing digital technologies and enhancing institutional capabilities.

During FY 2025–26, the Company recorded strong business momentum across multiple infrastructure sectors while broadening its consultancy offerings beyond traditional engineering disciplines. Strategic emphasis was placed on GIS-based planning, Digital Twin technologies, LiDAR mapping, smart city solutions and integrated project management, enabling AGICL to address evolving client requirements with technology-driven solutions.

Highlights

- *Expansion into digital twin ecosystem through 2D/3D mapping and LiDAR technologies.*
- *Strengthening presence across highways, disaster resilience, urban infrastructure and water sectors.*
- *International project milestone achieved in Zambia.*
- *Empanelment with prestigious government and institutional clients.*

Strengthening Governance

Recognising that sustainable growth requires robust governance, AGICL introduced a Strategic Governance Framework during the year. The framework establishes a dual leadership model comprising Profit & Loss Heads and Execution Heads for every consultancy assignment, ensuring greater accountability, financial discipline, operational excellence and enhanced project delivery throughout the project lifecycle.

Digital Transformation

Digital transformation remained one of the Company's strategic priorities. Investments in geospatial technologies, advanced surveying platforms, remote sensing, LiDAR, GIS analytics and Digital Twin

capabilities have significantly strengthened AGICL's ability to deliver data-driven engineering solutions and smarter infrastructure planning.

These capabilities are expected to play an increasingly important role in urban development, transportation planning, environmental management and smart infrastructure ecosystems.

Technical Capability Expansion

The strategic collaboration with Excelling Geo & Engineering Consultant Pvt. Ltd. has substantially enhanced AGICL's engineering depth across specialized infrastructure

segments including tunnels, hydropower, disaster resilience, coastal engineering, environmental studies and groundwater investigations.

This collaboration reinforces the Company's integrated engineering model while positioning it to undertake larger and more technically complex assignments.

International Expansion

FY 2025–26 also marked AGICL's entry into international consultancy services with the award of a Technical Audit assignment in Zambia. This milestone demonstrates the Company's growing international recognition and reflects its long-term strategy of expanding into emerging infrastructure markets across South Asia, Africa and the Middle East.

Human Capital

People remain AGICL's greatest strength. During the year, the Company expanded its workforce from over 500 professionals to more than 400 employees while strengthening leadership across specialized domains including Geomatics, Transaction Advisory, Disaster Management, Water Resources and Project Execution.

Continued investment in leadership development and specialist talent is expected to support the Company's next phase of growth.

As AGICL looks ahead, the Company remains focused on operational excellence, technological innovation, governance, sustainability and client-centric execution to create enduring value and contribute meaningfully to India's infrastructure transformation.

PROJECT HIGHLIGHTS FY 2025-26

AGICL was appointed by the National Highways Authority of India as Authority Engineer for the supervision of rehabilitation and upgradation works along the NH-48 Pune-Satara Corridor. The assignment reinforces the Company's expertise in highway engineering, quality assurance and construction supervision under EPC mode.

GIS-Based Master Plan – Amritsar Cluster

The Company secured the prestigious GIS-based Master Plan and Zonal Development Plan assignment for the Amritsar Cluster. Leveraging advanced geospatial technologies, the project supports integrated urban planning, land-use optimization and sustainable regional development.

**2D/3D Urban Mapping
Project – Gujarat**

In a significant technological milestone, AGICL was awarded an advanced aerial mapping project by the Survey of India involving LiDAR-enabled 2D and 3D mapping for Digital Twin development. The assignment reflects the Company's growing capabilities in digital infrastructure and geospatial engineering.

Supporting India's Vision Zero initiative, AGICL was entrusted with consultancy and Project Management Consultancy services for the rectification of identified accident blackspots in Maharashtra. The project focuses on improving transport safety through engineering interventions and scientific road safety assessments.

Project Supervision Services – Hyderabad (Gati Shakti Initiative)

Under the Government of India's Gati Shakti initiative, AGICL secured Project Supervision Services for railway infrastructure works in Hyderabad. The assignment encompasses multidisciplinary supervision across civil, signaling, telecom and electrical systems, contributing to integrated transport infrastructure development.

AGICL was appointed General Consultant for the strategically significant Jiribam–Imphal Railway Line, providing multidisciplinary technical support, contract management and project monitoring for one of India's key railway connectivity projects in the North-East region.

General Consultant Assignment – Jiribam–Imphal Railway Line

Transaction Advisory for Foot Over Bridges & Subways – Delhi

The Company expanded its transaction advisory portfolio through consultancy services for the development of Foot Over Bridges and Subways across Delhi under the PPP model, further strengthening AGICL's expertise in urban infrastructure advisory and public-private partnership frameworks.

INTERNATIONAL - ZAMBIA -

Provision of Technical Audit Services for
Output and Performance-Based
Road Contracts (OPRC)

A defining milestone during the year was AGICL's first international consultancy assignment in Zambia for Technical Audit Services under Output and Performance-Based Road Contracts. This achievement represents the Company's growing international footprint and validates its capability to deliver world-class infrastructure consulting services across global markets.

NOTICE

NOTICE IS HEREBY GIVEN THAT THE 13TH ANNUAL GENERAL MEETING OF THE MEMBERS OF ALMONDZ GLOBAL INFRA-CONSULTANT LIMITED WILL BE HELD ON FRIDAY, 18TH DAY OF SEPTEMBER 2026 AT 11.00 A.M. AT THE REGISTERED OFFICE OF THE COMPANY AT F-33/3, OKHLA INDUSTRIAL AREA, PHASE-II, NEW DELHI-110020 TO TRANSACT THE FOLLOWING BUSINESS:

ORDINARY BUSINESS:

- 1. TO CONSIDER AND ADOPT THE AUDITED FINANCIAL STATEMENTS OF THE COMPANY FOR THE FINANCIAL YEAR ENDED MARCH 31, 2026, TOGETHER WITH THE REPORTS OF THE DIRECTORS AND AUDITORS THEREON.**

To consider and if thought fit, with or without modification(s), pass the following resolution as an Ordinary Resolution:

“RESOLVED THAT the Audited Balance Sheet as at 31st March 2026 and the Statement of Profit and Loss of the Company for the year ended on that date, together with Board Report and Auditors’ Report thereon as presented to the meeting be and are hereby approved and adopted.”

- 2. TO APPOINT A DIRECTOR IN PLACE OF MR. SANKHA DASGUPTA, WHOLE-TIME DIRECTOR (DIN:02098596), WHO RETIRES BY ROTATION AND BEING ELIGIBLE, OFFERS HIMSELF FOR REAPPOINTMENT.**

To consider and if thought fit, with or without modification(s), pass the following resolution as an Ordinary Resolution:

“RESOLVED THAT Mr. Sankha Dasgupta, (DIN No. 02098596) Whole-time Director of the Company, who retire by rotation and being eligible for re-appointment be and is hereby re-appointed as a Director of the Company.”

SPECIAL BUSINESS:

- 3. TO INCREASE AND APPROVAL OF LIMIT OF MANAGERIAL REMUNERATION OF MR. SANKHA DASGUPTA, WHOLE-TIME DIRECTOR AND KEY MANAGERIAL PERSONNEL OF THE COMPANY**

To consider and if thought fit, with or without modification(s), pass the following resolution as a Special Resolution:

“RESOLVED THAT pursuant to provisions of Section 196, 197, 198, 201, Schedule V & other applicable provisions if any of the Companies Act, 2013 and Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014 (“the Rules”) (including any statutory modification(s) or reenactment(s) thereof, for the time being in force) of the said act and such other approvals, permission and sanctions of such other authorities and /or agencies as may be required in this regard, in accordance with provisions of Articles of Association and upon recommendation of Nomination and Remuneration Committee and approval of the Board, consent of the members of the Company, be and is hereby accorded to revise the remuneration of Mr. Sankha Dasgupta (DIN: 02098596) Whole-Time Director & Key Managerial Personnel, w.e.f. 01.04.2026 and on terms and conditions as mentioned below for the remaining period of his tenure.

Salary

Basic Salary of Rs. 2,40,000/- per month.

B) Perquisites

- (a) House Rent Allowance of Rs 1,20,000/- per month.
- (b) Special Allowance of Rs. 1,15,350/- per month.
- (c) Conveyance Allowance of Rs. 1,600/- per month.
- (d) Medical Allowance of Rs. 1,250/- per month.\
- (e) PF (Employer Contribution) of Rs. 1,800/- per month

Total (A+B) = Rs. 4,80,000

In addition to the above, the Whole time Director shall be governed by such other Rules and other benefits as are applicable to the Senior Executives of the Company from time to time.

Minimum Remuneration

Notwithstanding anything to the contrary herein contained, where in any financial year, during the currency of the tenure of Mr. Sankha Dasgupta, the Company has no profits or its profits are inadequate, the Company will pay the salary and perquisites upto the limits as specified above to Mr. Sankha Dasgupta as the minimum remuneration as specified in Section II and Section III of part II of Schedule V of the Companies Act, 2013 and subject to the Member's Approval, if necessary.

RESOLVED FURTHER THAT except for the aforesaid revision in salary, all other terms and conditions of his appointment as the Whole-time Director and Key Managerial Personnel of the Company shall remain unchanged.

RESOLVED FURTHER THAT the Board of Directors, be and is hereby, authorized to alter or vary the remuneration within the provisions of Schedule V of the Companies Act, 2013, to the extent the Board of Directors may consider appropriate, as may be permitted or authorized in accordance with any provisions under the Companies Act, 2013 or schedule(s) appended thereto, for the time being in force or any statutory modification or re-enactment thereof and/or any rules or regulations thereunder and to do all such acts, deeds, things in order to give effect to this resolution or as otherwise considered by the Board to be in the best interest of the Company, as it may deem fit.

RESOLVED FURTHER THAT any one of the Directors or Company Secretary of the Company be and is hereby authorized to do all necessary acts, deeds and things, which may be usual, expedient or proper to give effect to the above resolution."

4. TO INCREASE AND APPROVAL OF LIMIT OF MANAGERIAL REMUNERATION OF MR. SANJEET KUMAR AHLAWAT, WHOLE-TIME DIRECTOR OF THE COMPANY

To consider and if thought fit, with or without modification(s), pass the following resolution as a Special Resolution:

"RESOLVED THAT pursuant to provisions of Section 196, 197, 198, 201, Schedule V & other applicable provisions if any of the Companies Act, 2013 and Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014 ("the Rules") (including any statutory modification(s) or reenactment(s) thereof, for the time being in force) of the said act and such other approvals, permission and sanctions of such other authorities and /or agencies as may be required in this regard, in accordance with provisions of Articles of Association and upon recommendation of Nomination and Remuneration Committee and approval of the Board, consent of the members of the Company, be and is hereby accorded to revise the remuneration of Mr. Sanjeet Kumar Ahlawat (DIN: 10835722) Whole-Time Director, w.e.f. 01.04.2026 and on terms and conditions as mentioned below for the remaining period of his tenure.

Salary

Basic Salary of Rs. 2,20,000 /- per month.

B) Perquisites

- (a) House Rent Allowance of Rs 1,10,000/- per month.
- (b) Special Allowance of Rs. 1,05,350/- per month.
- (c) Conveyance Allowance of Rs. 1,600/- per month.
- (d) Medical Allowance of Rs. 1,250/- per month.
- (e) PF (Employer Contribution) of Rs. 1,800/- per month

Total (A+B)=Rs. 4,40,000

In addition to the above, the Whole time Director shall be governed by such other Rules and other benefits as are applicable to the Senior Executives of the Company from time to time.

Minimum Remuneration

Notwithstanding anything to the contrary herein contained, where in any financial year, during the currency of the tenure of Mr. Sanjeet Kumar Ahlawat, the Company has no profits or its profits are inadequate, the Company will pay the salary and perquisites upto the limits as specified above to Mr. Sanjeet Kumar Ahlawat as the minimum remuneration as specified in Section II and Section III of part II of Schedule V of the Companies Act, 2013 and subject to the Member's Approval, if necessary.

RESOLVED FURTHER THAT except for the aforesaid revision in salary, all other terms and conditions of his appointment as the Whole-time Director of the Company shall remain unchanged.

RESOLVED FURTHER THAT the Board of Directors, be and is hereby, authorized to alter or vary the remuneration within the provisions of Schedule V of the Companies Act, 2013, to the extent the Board of Directors may consider appropriate, as may be permitted or authorized in accordance with any provisions under the Companies Act, 2013 or schedule(s) appended thereto, for the time being in force or any statutory modification or re-enactment thereof and/or any rules or regulations thereunder and to do all such acts, deeds, things in order to give effect to this resolution or as otherwise considered by the Board to be in the best interest of the Company, as it may deem fit.

RESOLVED FURTHER THAT any one of the Directors or Company Secretary of the Company be and is hereby authorized to do all necessary acts, deeds and things, which may be usual, expedient or proper to give effect to the above resolution."

5. TO APPROVE APPOINTMENT OF MR. AMITABH SHARAN AS WHOLE-TIME DIRECTOR OF THE COMPANY

To consider and if thought fit, with or without modification(s), pass the following resolution as a Special Resolution:

"RESOLVED THAT pursuant to the provisions of Sections 152, 196 and 197 read with Schedule V to the Companies Act, 2013 and any other applicable provisions of the Companies Act, 2013 and the rules made thereunder (including any statutory modification(s) or re-enactment thereof) and on the basis of recommendation received from Nomination & Remuneration Committee and approval of Board, consent of the members be and is hereby accorded to appoint Mr. Amitabh Sharan (DIN: 05019457) as the Whole-Time Director of the Company for a period of five years with effect from 23.02.2026 to 24.02.2031 (both days inclusive) on NIL remuneration and the position of Whole time Director shall be liable to retire by rotation for the purpose of Section 152 however, such retirement shall not be construed as break of service of Whole time Director.

RESOLVED FURTHER THAT it is hereby noted that Mr. Amitabh Sharan (DIN: 05019457) is presently holding the position of Managing Director in the sister concern company, namely

Excelling Geo & Engineering Private Limited ("EGE Consultant Ltd"), and has withdrawn his remuneration from the said company in compliance with Sections 196, 197, 198 and Schedule V of the Act read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, including any statutory modification(s) or re-enactment(s) thereof for the time being in force, and subject to such approvals, permissions and sanctions as may be required.

RESOLVED FURTHER THAT any Director of the Company be and is hereby authorised, individually, for and on behalf of the Company, to do all such acts, deeds, matters and things as may be necessary or expedient to give effect to this resolution."

Net Profit/Loss after Tax	644.73	580.58
Other Comprehensive Income for the year, net of Tax	6.78	-8.47
Total Comprehensive Income	651.51	572.11

2. PERFORMANCE REVIEW AND THE STATE OF COMPANY'S AFFAIRS:

The Company achieved total revenues of **Rs. 12951.87** Lakhs for the financial year ended March 31, 2026 as compared to **Rs. 11474.05** Lakhs in the previous year, making a growth of more than 12%. Profit before tax for the financial year 2024-26 is amounted to **Rs. 902.06 Lakhs** as against **Rs. 768.53** Lakhs in the previous year, registering growth of more than 17%.

3. SHARE CAPITAL

At present, the authorized share capital of the Company is Rs. 1600.00 lakhs and the issued, subscribed and paid-up share capital of the Company is Rs. 1592.16 lakhs divided into 1,59,21,618 Equity Shares of Rs. 10 each.

However, at the beginning of FY 2025-26, the paid-up share capital of company was Rs. 1,26,02,3000 divided into 1,26,02,300 equity shares of Rs. 10 each. During the financial year under review, following changes in the paid-up equity share capital occurred as follows:

- a. On July 25, 2025, 33,19,318 new Equity Shares at a price of Rs. 45.19/- each were allotted to Avonmore Capital and Management Services Limited (ultimate holding company) pursuant to conversion of loan of amount of Rs. 15 crores.
- b. On March 30, 2026, 32,85,000 equity shares of Almondz Global Infra-Consultant Limited (AGICL), held by Almondz Global Securities Limited

(holding company), have been transferred to Almondz Finanz Limited (AFL) at face value of Rs. 10/- each.

4. INDUSTRY OUTLOOK

India's infrastructure sector continued to demonstrate strong momentum during FY 2025-26, supported by sustained government capital expenditure, increasing private sector participation, and a continued focus on building world-class infrastructure. The sector remained a key driver of economic growth, with investments spanning transportation, urban infrastructure, renewable energy, logistics, digital connectivity, and industrial corridors. The Government's long-term infrastructure strategy, coupled with policy reforms, continued to strengthen India's competitiveness and support sustainable economic development.

The Union Budget for FY 2026-27 reaffirmed the Government's commitment to infrastructure-led growth by maintaining a strong emphasis on capital expenditure, while initiatives under the National Infrastructure Pipeline (NIP), PM Gati Shakti National Master Plan, Bharatmala Pariyojana, Sagarmala Programme, Dedicated Freight Corridors, and Smart Cities Mission continued to enhance multimodal connectivity and logistics efficiency. Investments in roads, railways, ports, airports, metro rail networks, and digital infrastructure remained key priorities, improving productivity and facilitating ease of doing business.

The infrastructure financing ecosystem also continued to evolve, with increasing participation from public-private partnerships (PPPs), Infrastructure Investment Trusts (InvITs), Real Estate Investment Trusts (REITs), development finance institutions, and municipal bond issuances. Government initiatives to improve project preparation, streamline approvals, and enhance private sector participation helped attract long-term domestic and foreign investment into infrastructure assets.

India's energy transition gathered further pace during the year, with significant investments in renewable energy, transmission infrastructure, green hydrogen, battery storage, electric mobility, and sustainable urban development. The growing emphasis on climate-resilient infrastructure, energy efficiency, and decarbonisation is expected to create substantial opportunities across engineering, construction, and infrastructure services over the coming years.

Despite the positive outlook, the sector continues to face challenges including land acquisition delays, regulatory approvals, project execution risks, cost inflation, skilled manpower shortages, and global supply chain uncertainties. Timely execution of projects, efficient financing mechanisms, and continued policy support will remain critical to achieving India's long-term infrastructure objectives.

Overall, India's infrastructure sector remains well positioned for sustained long-term growth, driven by strong public investment, supportive government policies, increasing private participation, rapid urbanisation, and rising demand for high-quality infrastructure. These structural drivers are expected to create significant opportunities for companies operating across the infrastructure value chain while contributing to India's vision of becoming a developed economy.

5. COMPANY'S OVERVIEW

Almondz Global Infra-Consultant Limited (AGICL) is an ISO 9001 : 2015 certified company, a Public Limited Company, a **Wholly Owned Subsidiary of Almondz Global Securities Limited (AGSL)**. The Company is a wholly owned subsidiary of **Almondz Global Securities Limited**. The Company does not have any subsidiaries, joint ventures or associate companies of its own.

15. SECRETARIAL STANDARDS

The Directors state that applicable Secretarial Standards, i.e. SS-1 and SS-2, relating to 'Meetings of the Board of Directors' and 'General Meetings', respectively, have been duly followed by the Company.

16. THE COMPANY'S POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION INCLUDES CRITERIA FOR DETERMINING QUALIFICATIONS, POSITIVE ATTRIBUTES, THE INDEPENDENCE OF A DIRECTOR, AND OTHER MATTERS PROVIDED UNDER SUBSECTION (3) OF SECTION 178.

The Company's policy on Nomination and Remuneration includes criteria for determining qualifications, positive attributes and independence of a Director. The salient features of the Nomination and Remuneration Policy are given below:

The Nomination and Remuneration Policy of the Company is performance-driven and is designed to motivate employees, recognize their achievements, and promote excellence in performance.

The Policy provides guidance on:

- (1) Appointment, tenure, evaluation and removal of Director and KMP of the Company;
- (2) Remuneration to Directors, KMP, senior management and other employees of the Company.

The Nomination and Remuneration Policy will be available on the weblink: <https://www.almondzglobalinfra.com/policy.php>

17. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors' Responsibility Statement referred to in clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013, shall state that—

1. in the preparation of the annual accounts for the year ended March 31, 2026, the applicable accounting standards had been followed along with proper explanation relating to material departures;
2. the directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;
3. the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
4. the directors had prepared the annual accounts on a going concern basis; and
5. the directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

18. AUDITORS AND AUDITORS' REPORT

Statutory Auditor

Pursuant to the provisions of Section 139 of the Companies Act, 2013 and the Rules made there under, the Current auditors of the Company M/s Mohan Gupta & Company, Chartered Accountants (Firm Registration No. 006519N), were appointed by the shareholders at the Annual General Meeting which was held on September 30, 2022 to hold office until the

Independent Auditor's Report

To the Members of M/s. Almondz Global Infra-Consultant Limited

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **M/s. Almondz Global Infra-Consultant Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the **profit**, total comprehensive **Income**, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director Report, but does not include the financial statements and our auditor's report thereon. The Director Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Director Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's Responsibilities Relating to Other Information'.

Responsibility of the Management and Those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of

our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the IndAS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
 - g. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of the section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial position.
 - ii) As informed to us, the company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii) As informed to us, the company has no amount for transferring to the Investor Education and Protection Fund by the Company.
 - iv) (a) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from

borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The respective Managements of the Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v) With respect to Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014:
The Company has maintained its books of account using accounting software which has a feature of recording audit trail (edit log) facility. The audit trail feature has been operated throughout the year for all transactions recorded in the software, and the audit trail has not been tampered with. The audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - A to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s. Almondz Global Infra-Consultant Limited** ("the Company") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

M/S Almondz Global Infra-Consultant Limited
Annexure-B to the Independent Auditors' Report

The Annexure referred to in our Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31 March 2026. To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- I) In respect of the Company's Property, Plant and Equipment and Intangible Assets.
- a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets. Further the company is not having any Investment Property.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programmed of physical verification of its property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programmed, certain Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the company does not own immovable property, accordingly, the provisions of clause 3 (i)(c) of the Order are not applicable to the Company and hence not commented upon.
 - d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets.
 - e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- II) (A) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.
- (B) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.
- III) The Company has made investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year, in respect of which:
- a) The Company has granted any loans, secured or unsecured, to firms, limited liability partnerships or any other parties during the year.
 - (A) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has granted loans or advances and guarantees or security to subsidiaries, joint ventures and associates.

S. No.	Particulars	Aggregate Amount of loan/Guarantee during the year	Outstanding Balance at the end of the year
1	Loan to Associate Company	165 lakh	165 Lakh

(B) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has not granted loans or advances and guarantees or security to other than subsidiaries, joint ventures and associates.

- b) In our opinion, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest
- c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.
- d) In respect of loans granted by the Company, there is no overdue amount for more than 90 days remaining outstanding as at the balance sheet date.
- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- f) The Company has granted loans or advances in the nature of loans which is repayable on demand during the year.

S. No.	Particulars	Aggregate Amount of loan during the year	Outstanding Balance at the end of the year	Percentage to the total loan granted
1	Loan to Associate Company	165 Lakh	165 Lakh	100%

- IV) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- V) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- VI) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.

VII) In respect of statutory dues:

- a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable. Except as under: NIL

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026, on account of disputes are given below:

Nature of Statute	Nature of Dues	Forum where Dispute is pending	Period to which amounts relate	Amount
-----NIL-----				

- VIII) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

IX) In respect of the borrowings:

- a) The company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- c) On the basis of examination of the financial statement, the company has applied for the term loans for the purpose for which the loans were obtained.

- d) On an overall examination of the financial statements of the Company, funds raised on a short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
 - f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- X) In respect of the borrowings
- a) The Company has not raised money by way of an initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 - b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- XI)
- a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
 - c) We have taken into consideration the whistleblower complaints received by the company during the year (and up to the date of this report), while determining the nature, timing and extent of the audit procedure.
- XII) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- XIII) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- XIV)
- a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- XV) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or people connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- XVI)
- a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a) of the Order is not applicable.
 - b) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(b) of the Order is not applicable.
 - c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
 - d) In our opinion, the group has no CIC (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- XVII) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- XVIII) There has been no resignation of the statutory auditors of the Company during the year.
- XIX) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty

exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

XX)

- a) According to the information and explanations given to us, the provisions of section 135 of the Companies Act, 2013 are not applicable to the company during the year, and accordingly, clause 3(xx)(a) of the Order is not applicable
- b) According to the information and explanations given to us, the provisions of section 135 of the Companies Act, 2013 are not applicable to the company during the year, and accordingly, clause 3(xx)(b) of the Order is not applicable.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)
Notes to the financial statements for the year ended March 31, 2026
Reporting Entity

Almondz Global-Infra Consultant Limited ('the Company') is a company domiciled in India, with its registered office situated at F-33/3, Phase II Okhla Industrial Area, New Delhi-110020. The Company was incorporated in India on December 12, 2013. The Company is involved in the business of providing professional advisory and technical consultancy services in the areas of management, engineering, industrial, technical and financial for infrastructure sectors.

1. Basis of preparation
(i) Statement of compliance with Indian Accounting Standards:

These Ind AS financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies for all the periods presented in these financial statements.

The financial statements for the year ended March 31, 2026 were authorised and approved for issue by the Board of Directors on May 20, 2026.

The significant accounting policies adopted for preparation and presentation of these financial statement are included in Note 2. These policies have been applied consistently applied to all the financial year presented in the financial statements except where newly issues accounting standard is initially adopted or revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

The Balance Sheet, the Statement of Changes in Equity, the Statement of Profit and Loss and disclosures are presented in the format prescribed under Division II of Revised Schedule III of the companies Act, as amended from time to time that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7 Statement of Cash Flow.

The financial statements have been prepared under the historical cost convention and accrual basis, except for certain financial assets and liabilities, defined benefit-plan liabilities and share-based payments being measured at fair value.

(ii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

(iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

(iv) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value/Amortised Cost
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

(v) Use of estimates and judgements

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

Significant management judgements

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

Business model assessment - The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Classification of leases – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contract.

Expected credit loss (ECL) – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. likelihood of customers defaulting and resulting losses). The Company makes significant judgements regarding the following while assessing expected credit loss:

- Determining criteria for significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

Provisions – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Significant estimates

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

Useful lives of depreciable/amortisable assets – Management reviews its estimate of useful lives, residual values and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

2.1 Summary of significant accounting policies

(i) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase.

(ii) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

(iii) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the straight-line method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

Asset class	Useful life
Plant and machinery	15 years
Office equipment	5 years
Computer equipment	3 years
Furniture and fixtures	10 years
Vehicles	8-10 years

Leasehold improvement is depreciated over the period of lease agreement.

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets which are not ready for intended use are also shown under capital work-in-progress.

(iv) Intangible assets

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including license fees paid, import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 5 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Investment Property

Property that is held to earn rentals and for capital appreciation. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

Transition to Ind AS

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

The Company has elected to measure all its intangible assets at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

(v) Revenue recognition

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

The company recognizes revenue in accordance with INDAS-115, revenue is to be recognized upon transfer of control of promised services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those services.

Revenue from fixed price, fixed time frame contracts where the performance obligation are satisfied over time and when there is no uncertainty as to measurement or collectivity of consideration is recognized as per percentage of completion method.

However, only for the purpose of matching expense with revenue, in some cases we provide consultancy services for preparing Detailed Project Report (DPR) –

- on a continuous basis to the authority,
- the duration of such services to be provided under the contract is more than three months and
- the same is against periodic payment of consultancy fee

Hence income on such incomplete DPR projects is recognized on percentage of completion method as unbilled revenue.

Contract Revenue (Professional Fees)

When the outcome of a fixed price contract is ascertained reliably, contract revenue is recognized by reference to the stage of completion of the contract activity at the end of the reporting period. The stage of completion is assessed as per the terms of the agreement. Fee is recorded at invoice value, net of discounts and taxes, if any.

When the outcome of a fixed price construction contract cannot be estimated reliably, contract revenue is recognized only to the extent of cost incurred that it is probable will be recoverable.

Revenue from related parties is recognised based on transaction price which is at arm's length.

The Company does not disaggregate its revenue from contracts with customers into verticals/segments.

Interest income

Under Ind AS 109 interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)**Notes to the financial statements for the year ended March 31, 2026**

Any subsequent changes in the estimation of the future cash flows is recognized in the statement of profit and loss with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortized cost (net of provision) of the financial asset.

Dividend

Revenue is recognised when the company's right to receive payment is established by the balance sheet date.

Other Revenue

In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

(vi) Expenses

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, in India, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses. Similarly, expenses allocation received from other companies is included within respective expense classifications.

(vii) Borrowing costs

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

(viii) Taxation

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

(ix) Employee benefits

Short-term employee benefits

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

Defined contribution plans

The Company has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contribution made by the Company in respect of these plans are charged to the Statement of Profit and Loss.

Defined benefit plans

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and last drawn salary. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. The liability recognised in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

Other long-term employee benefits

The Company also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plans. Liability in respect of compensated absences becoming due and expected to avail after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

date. Actuarial gains and losses arising from experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

(x) Leases

Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

(xi) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xii) Foreign currency

Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

Transition to Ind AS

The Company has elected to exercise the option for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

(xiii) Impairment of assets

a) Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset required, the company estimates the assets recoverable amount. An asset's recoverable is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the statement of Profit and loss is measured by the amount by which the carrying amount value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) has no impairment loss been recognized for the asset in prior years.

b) Impairment of financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

company does not track changes in credit risk, but instead recognize a loss allowance based on lifetime ECLs at each reporting date. The company established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit loss are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the statement of profit and loss.

(xiv) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

ii. Investments in equity instruments – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Company transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognised (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also de-recognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

De-recognition of financial liabilities

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

First loss default guarantee

First loss default guarantee contracts are contracts that require the Company to make specified payments to reimburse the bank and financial institution for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of an agreement. Such financial guarantees are given to banks and financial institutions, for whom the Company acts as 'Business Correspondent'.

These contracts are initially measured at fair value and subsequently measure at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets)
- Maximum amount payable as on the reporting date to the respective bank/financial institution which is based on the amount of loans overdue for more than 75-90 days in respect to agreements with banks and financial institutions.

Further, the maximum liability is restricted to the cash outflow agreed in the agreement.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(xv) Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Company), whose operating results are regularly reviewed by the Company's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the CODM.

(xvi) Contract Asset

Contract assets are recognised for revenue earned and other services render to customer as per the agreement. Upon completion of work, the contract assets are classified as trade receivable.

2.2 Changes to accounting policies

Ind AS 116 - Leases

Effective April 1, 2019, the Company adopted Ind AS 116, Leases and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the ROU asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company's incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended March 31, 2026.

Almondz Global-Infra Consultant Limited (CIN-U70200DL 2013PLC262069)

Notes to the financial statements for the year ended March 31, 2026

The following is the summary of practical expedients elected on initial application:

- a. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- b. Applied the exemption not to recognise ROU assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- c. Excluded the initial direct costs from the measurement of the ROU asset at the date of initial application.
- d. Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

2.3 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on 31st March 2026, there is no new standard notified or amendment to any of the existing standards under Companies (Indian Accounting Standards) Rules, 2015.

	For the year ended March 31, 2026	For the year ended March 31, 2025

41 Ratios
The ratios for the year ended March 31, 2026 and March 31, 2025 are as follows :

S.No	Particulars	Numerator	Denominator	As at March 31, 2026	As at March 31, 2025	% Variance	Reason for variance
1	Current ratio	All Current Assets	All Current Liabilities	#VALUE!	2.77	#VALUE!	-
2	Debt - Equity ratio	Long term Debt including long term debt payable within 1 year & long term lease Liabilities	Total Equity	0.33	0.75	-56%	Change in the ratio by more than 25% as compared to the preceding year is due to increase in equity
3	Debt service coverage ratio	Profit after tax + Depreciation + Finance Cost	Finance cost+ Principal repayment of loans	1.65	1.65	0%	--
4	Return on Equity (ROE)	Total comprehensive income	Average Share equity	0.14	0.17	-19%	--
5	Trade receivables turnover ratio	Total Income	(Opening Debtor+ Closing Debtor)/2	5.18	4.23	22%	--
6	Trade payables turnover ratio	Professional Services	(Opening Creditor+ Closing Creditor)/2	9.62	7.24	33%	Change in the ratio by more than 25% as compared to the preceding year is due to decrease in creditors
7	Net capital turnover ratio	Total Income	Current Assets- Current Liability	#VALUE!	2.57	#VALUE!	--
8	Net profit ratio	Total comprehensive income	Total Income	0.05	0.05	0%	--
9	Return on Capital Employed (ROCE)	Profit before tax + Finance cost	Capital Employed = Tangible Net Worth + Total Debt + Deferred Tax Liability	0.14	0.16	-7%	--

Employee benefits

The Company contributes to the following post-employment defined benefit plans in India.

A. Defined contribution plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and EDLI, which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

	As at March 31, 2026	As at March 31, 2025
Contribution to provident Fund (Refer note 33)	73.44	61.47

B. Defined benefit plan:

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit.

The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at 31 March 2026. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

A. The following table set out the status of the defined benefit obligation

	March 31, 2026	March 31, 2025
Net defined benefit liability		
Liability for Gratuity	75.15	77.67
Total employee benefit liabilities	75.15	77.67
Non-current	45.61	66.98
Current	29.54	10.69

B. Reconciliation of the net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

	March 31, 2026			March 31, 2025		
	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability
Balance at the beginning of the year	151.32	73.64	77.67	95.11	63.14	31.96
Included in profit or loss						
Current service cost	40.09		40.09	35.86		35.86
Past service cost	-	-	-	-	-	-
Interest cost (income)	8.42	1.19	7.23	5.50	2.38	3.12
	48.51	1.19	47.32	41.36	2.38	38.98
Included in OCI						
Remeasurements loss (gain)						
- Actuarial loss (gain) arising from:						
- financial assumptions	(5.96)	-	(5.96)	3.38	-	3.38
- demographic assumptions	-	-	-	-	-	-
- experience adjustment	(1.34)	-	(1.34)	11.47	-	11.47
Return on plan assets excluding interest	-	2.10	(2.10)	-	3.12	(3.12)
	(7.30)	2.10	(9.40)	14.85	3.12	11.73
Other						
Contributions paid by the employer	-	-	-	-	-	-
Benefits paid	-	40.44	(40.44)	-	5.00	-5.00
	-	40.44	(40.44)	-	5.00	-5.00
Balance at the end of the year	192.52	117.37	75.15	151.32	73.64	77.67

C. Plan assets

The scheme is funded through an 'Approved Trust'. The Trust has taken a Policy from the Life Insurance Corporation of India (LIC) and the management of the fund is undertaken by the LIC.

D. Actuarial assumptions**a) Economic assumptions**

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	March 31, 2026	March 31, 2025
Discount rate	7.25%	6.62%
Expected rate of future salary	7.50%	7.50%

The discount rate has been assumed at 'March 31, 2026: 7.25%, 'March 31, 2025: 6.62% which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b) Demographic assumptions

	March 31, 2026	March 31, 2025
i) Retirement age (years)	65	65
ii) Mortality rates inclusive of provision for disability	IALM (2012-14)	IALM (2012-14)
iii) Withdrawal rate	11.00%	11.00%

SD/-

SD/-

SD/-

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2026		As at March 31, 2025	
	Increase	Decrease	Increase	Decrease
Discount rate (1.00% movement)	(8.57)	9.68	(6.98)	7.89
Future salary growth (1.00% movement)	6.57	(6.82)	SD/-	(5.49)
Withdrawal rate (1.00% movement)	(0.26)	0.08	(0.53)	0.43

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of Risk Exposures:**F. Expected maturity analysis of the defined benefit plans in future years**

Particulars	As at March 31, 2026	As at March 31, 2025
Duration of defined benefit obligation		
Less than 1 year	30.59	11.04
Between 1-2 years	27.65	10.17
Between 2-5 years	45.75	48.25
Between 5-10 years	61.14	47.98
Over 10 years	112.59	79.76
Total	277.72	197.20

Expected contributions to post-employment benefit plans for the year ending March 31, 2027 is Rs.123.77.

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 9.28 years (March 31, 2025: 9.19 years).

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of non-current financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 SD/- fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

b). Financial risk management

SD/-

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

b). Financial risk management (continued)

(i) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

Particulars	As at	As at
	March 31, 2026	March 31, 2025
Loans - Non-current	-	2.20
Other financial assets - Non-current	260.67	172.26
Trade receivables	2,160.16	2,839.47
Cash and cash equivalents	8.19	286.64
Loans	#VALUE!	5.54
Other financial assets	3,020.72	1,518.56

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customer and investments. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates. The Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty seems partly or fully doubtful to pay its obligations.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement.

Subsequent recoveries of amounts previously written off are credited to the income statement.

Trade receivables are generally realised within the credit period.

The Company's exposure to credit risk for trade receivables are as follows:

Particulars	Gross carrying amount	
	As at	As at
	March 31, 2026	March 31, 2025
0-90 days past due	1,697.12	2,295.36
91 to 180 days past due	153.79	257.48
181 to 270 days past due	75.61	100.43
271 to 360 days past due	127.90	104.12
361 to 450 days past due	81.02	75.93
451 to 540 days past due	52.80	14.28
541 to 630 days past due	24.64	14.69
631 to 720 days past due	4.54	7.75
More than 720 days past due	173.73	211.87
Total	2,391.16	3,081.91

This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Company does not anticipate any material credit risk of any of its other receivables.

Movement in the allowance for impairment in respect of trade receivables:

Particulars	For the year ended March 31, 2026	For the year ended March 31, 2025
Balance at the beginning	242.44	188.93
Impairment loss recognised	(11.44)	53.51
Impairment loss reversed	-	-
Balance at the end	231.00	242.44

b). Financial risk management (continued)**(ii) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs.8.19 lakh, as at March 31, 2026 (Rs.286.64 lakh March 31, 2025) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued and due on borrowings.

As at March 31, 2026	Carrying amount	Contractual cash flows		
		Less than one year	More than one year	Total

Almondz Global Infra-Consultant Limited (CIN-U70200DL2013PLC262069)

Notes to Financial Statements for the year ended March 31, 2026

(All amounts are in Rupees in lakh unless otherwise stated)

b). Financial risk management (continued)

iii). Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to two type of market risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows to the extent of earnings and expenses in foreign currencies. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities. The Company enters into forward currency contracts to neutralise any foreign currency fluctuation risk.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The

Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. During the year ended March 31, 2026 & March 31, 2025.

Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

Particulars	As at March 31, 2026	As at March 31, 2025
Borrowings	1,725.53	2,484.03
Less: Cash and cash equivalents	(8.19)	(286.64)

**Form No. MR 3
SECRETARIAL AUDIT REPORT**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended] for the Financial Year ended 31st March, 2026

To,

The Members,

ALMONDZ GLOBAL INFRA-CONSULTANT LIMITED

Regd. Office: F - 33/3, Okhla Industrial Area

Phase II, New Delhi- 110020

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ALMONDZ GLOBAL INFRA-CONSULTANT LIMITED (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder (Not Applicable to the Company during the Audit Period);
- (iii) The Depositories Act, 1996 and the Regulations and Bye laws framed there under; (Not Applicable to the Company during the Audit Period);
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The Following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') were not applicable to the Company during the Audit Period because securities of the Company were not listed on any Stock Exchange: -

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
- (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (vi) Other applicable Law:
 - a. Labour Laws;
 - b. Indian Stamp Act, 1899

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("SEBI (LODR), 2015") were not applicable to the Company during the audit period.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above to the extent applicable.

We further report that

The Board of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all directors to schedule the Board meetings at least seven days in advance generally or through shorter notice after complying with the requirements under the law, agendas were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board and Committee Meetings were carried out unanimously or based on majority as recorded in the minutes of the meetings of the Board of Directors and Committees, as the case may be.

Based on the compliance mechanism established by the company and on the basis of Statutory Compliance Certificate(s) issued by the management of the company and taken on record by the Board of Directors at their meeting(s), we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there was no specific event/action in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs except;

1. Allotment of 33,19,318 Equity Shares to Avonmore Capital and Management Services Limited pursuant to conversion of loan.
2. 32,85,000 equity shares of the Company, held by Almondz Global Securities Limited (AGSL), have been transferred to Almondz Finanz Limited (AFL).

THE ANNUAL REPORT ON CSR ACTIVITIES ALMONDZ GLOBAL INFRA-CONSULTANT LIMITED TO BE INCLUDED IN THE BOARD'S REPORT FOR FINANCIAL YEAR 2025-26

1. Brief outline on CSR Policy of the Company:

The CSR Policy of Almondz Global Infra-Consultant Limited provides a framework for undertaking CSR activities in accordance with Section 135 of the Companies Act, 2013. The Policy focuses on initiatives covered under Schedule VII of the Act, including education, healthcare, environmental sustainability, skill development, rural development, and other community welfare activities. The Board oversees the implementation and monitoring of the CSR Policy.

2. Composition of CSR Committee:

As per Section 135 (9) of The Companies Act, 2013 the amount to be spent for CSR activities as provided in section 135 (5) does not exceed fifty lakh rupees hence there is no requirement for constitution of CSR Committee and the functions shall be discharged by the Whole-time Director(s) of the Company on behalf of the Board.
